

Why DEXION Pallet Racking is No. 1

Think Safety Think Strength Think DEXION

- **DEXION** is fully design engineered for Safe Working Loads to meet your workplace needs — Not a one size fits all approach. Beware of brand compatible racking and cheap imports
- **DEXION** uses BHP Bluesteel — not recycled steel cans
- Versatile uprights — Damaged **DEXION KEYLOCK** uprights can be reversed
- **DEXION** Steel Tensile strength far superior 450MPA vs. 235MPA
- **DEXION** Meets FEM (world class) standards and exceeds AS4048 standards. Many other brands have yet to provide written evidence of meeting AS4084 even though they claim to.
- Lead Free Dulux Powder Coating not Lead Based Enamel
- Australian made & Australian Owned with a Life time warranty!
